SEALLESS CENTRIFUGAL PUMPS

- **ANSIMAG MAGNETICALLY DRIVEN PUMPS** Complete family of ETFE-lined, centrifugal, magnetically driven pumps for process liquids and chemicals. ANSI, sub-ANSI, vertical, and self priming pumps/parts stocked. We are a stocking distributor.
- **DICKOW MAG DRIVE PUMPS** Built to ANSI/ASME dimensions. Flow rates up to 2,000 gpm; Pressures up to 1,000 ft; temperatures up to 750 °F. Horizontal, multistage, side channel; Constructed with: steel, cast iron, stainless

CENTRIFUGAL PUMPS

- **WILFLEY CHEMICAL AND SLURRY PUMPS** 100 years of excellence; expeller technology eliminates mechanical seals; geared for chemical and slurry applications; ANSI and non-ANSI designs as well as a wide array of alloys, hard metals and FRP designs

POSITIVE DISPLACEMENT PUMPS

- **DIAPHRAGM PUMPS** Varied brands of diaphragm pumps available: Graco, Yamada, Blacoh, ARO, Sandpiper and more.
- **NORTHERN GEAR PUMPS** Designed for pressures up to 2000 psig, temperature from -65 to 850F, suction pressure 28" hg to 1200psig, and speeds up to 3450rpm Steel and stainless steel construction

OTHER EQUIPMENT AND SYSTEMS

- **ASI MECHANICAL SEALS** Sizing thru 8"; Single, double cartridge and pusher design; All materials; Repairs available on all designs
- **Siemens Motors** Complete line of horizontal and vertical motors for all types of applications including 50 cycle operation for overseas requirements. Materials of construction include aluminum and cast iron. Most motors have over sized conduit boxes and are readily available from Fort Smith, Arkansas.
- **SEFAR FILTRATION AND SEPARATION PRODUCTS.** Centrifuge liners and bags, fluid bed dryer bags, filter bags, drum filter cloths, dust filter bags, milling screens, woven roll goods.
- **REPAIR PARTS AND SERVICES** All types of pumps repaired: centrifugal, diaphragm, gear, and piston. We have pick up and delivery available for most pumps.

WE PERFORM LASER ALIGNMENTS FOR MANY APPLICATIONS- CALL FOR AN APPOINTMENT.
